Cabarrus Charter Academy Cambridge International students are encouraged to move out of the academic arena and learn through real life experiences. CCA believes community outreach is a fundamental component in becoming a lifelong learner.

Outreach is about strengthening the Cambridge Learner Attributes:

- confidence...working with information and ideas – their own and those of others
- responsible...for themselves, responsive to and respectful of others
- reflective...as learners, developing their ability to learn
- innovative...equipped for new and future challenges
- engaged...intellectually and socially, ready to make a difference

Outreach hours are performed for a group or individual in the community without reward, personal benefit or payment. Only five hours will be accepted from the same organization so you can go and explore other interests.

## OUTREACH Approximate Due Dates

- 5 hours around October 31, 2015
- 5 hours around January 1, 2016
